No. 2022/M(N)/951/34-Part(1) (E-3434974) **Dated:30.06.2023**

General Managers
All Zonal Railways

SUB: Close Circuit pattern examination and validity of BPC for BTPN, BOBSN, BOXNHL25T, BOXNS and BOYEL type wagons

REF: (i) RB Letter No.2022/M(N)/951/34 Pt.2 dated 09.06.2023 (copy enclosed)
(ii) RB Letter No. 2008/M(N)/951/13 CC rakes dated 05.02.2010 (copy enclosed)

1.0 Instructions for close circuit (CC) pattern examination of BTPN wagons was issued vide letter u/r (ii). It is now decided to standardize validity of BPC for CCrakes of **BTPN** wagons as **7500 kms or 30+5 days** whichever is earlier, subject to conditions stipulated in the referred letter.

2.0 Instructions for extension of validity of BPC of CC rakes of BOXN/ BOXNHL Wagons, as special measure was issued vide letter u/r (i). On the same pattern, it is decided to fix validity of BPC of CC rakes of **BOXNHL25T** and **BOXNS** type wagons as **10000 kms or 35+5 days** whichever is earlier, on trial basis upto **31.12.2023**, subject to same conditions mentioned for BOXN/ BOXNHL Wagons.

3.0 As requested by Traffic Dte., it is decided to fix the BPC validity of CC rakes of **BOBSN** and **BOYEL** type wagons **as 8000 kms or 35+5 days** whichever is earlier and **9000 kms or 35+5 days** whichever is earlier respectively, on trial basis upto **31.12.2023**, subject to conditions mentioned in enhancement of BPC validity of other rakes.

4.0 All Zonal Railways are requested to send compliance of conditions mentioned in enhancement of BPC validity of rakes regularly to this office.

This is issued with the approval of Board (M/T&RS).

SUB: Extension of validity of BPC of CC rakes of BOXN/ BOXNHL Wagons – Special Measure

REF: (i) This office Letter of even number dated 29.03.2023
(ii) This office Letter of even number dated 14.04.2022

Please refer to letter u/r (i), wherein instructions were issued to extend the validity of BPC of CC Rakes of BOXN/ BOXNHL wagons from the existing 7500 kms or 30+5 days whichever is earlier to 10000 km or 35+5 days whichever is earlier, for two months till 31.05.2023, on trial basis, as a special measure, subject to conditions mentioned in the letter.

2.0 As requested by Traffic Transportation Dte. due to emerging requirement and high demand of coal traffic, the matter has been examined and it has been decided to extend the validity of these instructions till 31.12.2023, on trial basis, as a special measure, subject to conditions mentioned in the letter u/r (ii).

3.0 If any major issue is faced during running of these rakes, the same shall immediately be brought to the notice of Board through PCME, for necessary course correction.

4.0 It is further requested to arrange to send compliance of conditions mentioned in letter u/r (ii) for last two months by 30.06.2023.

This is issued with the approval of Board (M/T&RS)

SUB: CLOSE CIRCUIT PATTERN OF EXAMINATION FOR BTPN WAGONS

Close circuit examination of BTPN wagons shall be taken on trial basis for six months as detailed below:

S. No.	Base	No. of Rakes	Circuit	Validity of BPC
1	NJP/NFR	40	NF, ER, EC, NE, NC, SE & NR	7500 Kms or 35 days whichever is earlier
2	KRCA/WR	30	WR, NR, NC, CR, WC & NWR	6000 Kms or 30 days whichever is earlier
3	BAD/NCR	25	NC, NE, NR, WR & WC	6000 Kms or 30 days whichever is earlier
4	NMP/SER	25	SE, ECOR, EC, ER & SECR	6000 Kms or 30 days whichever is earlier
Total		**120**		

2. CC examination will be done only on the examination lines in the yard having proper facilities of material handling, pucca pathway, welding, lighting, etc. The CC examination will be done on the lines where there is no OHE.

3. The existing rakes(ordinary/Non-CC/premium) shall be thoroughly examined for defects and all defects shall be attended before declaring CC rake. Special Gang, if required, may be provided to attend the repairs and rakes shall be declared CC rakes after thorough examination by a supervisor not below the rank of SSE

4. All wagons from ROH/POH shall be utilized for making CC rakes and off POH/ROH wagons waiting for formation of CC rakes shall not be considered under ineffective. Local instructions of formation of CC rakes of off POH/ROH shall be issued by CME and COM jointly.

5. During CC examination, proper attention to the safety fittings, pipes, valves etc. shall be given and their maintenance records will be maintained separately.

6. Monitoring of CC rakes shall be done through FOIS and also by Sr. DME & Sr. DOM jointly of the division where the CC rake is based for maintenance. In case CC rake is not made available for examination at base depot and offered for examination at some other depot, it will

become a non-CC rake and it will follow the normal intensive examination pattern.

7. After each loading/unloading, the rake will be examined by Guard and Driver before commencement of journey and observation will be recorded under relevant column of the Brake Power Certificate. Guard and Driver shall be trained for safety requirements of tank wagons carrying hazardous material.

8. Railway shall ensure that other requirements as stipulated by RDSO from time to time and IRCA for carrying and handling of hazardous material in tank wagons shall be met.

9. After completion of 6 months of trial period Railways will submit performance report with details of detachments (with reasons), poor brake power cases, and detachments during examination etc. for review by the Board.
