Sub: Processing of condemnation proposal for approval of offering of condemnation approved wagons for disposal

Ref: _Board's letter of even number dated 24.08.2015

An exercise for purification and correction of the existing wagon master of Indian Railway (IR) has been going on for more than past one year. During the exercise, it has been noted that in some of the cases, wagons condemned and disposed off have not been deleted on the wagon master. In some cases, it has also been seen that instead of the wagon condemned and sold some other wagon had deleted from the wagon master, which were later on found on the line. In order to ensure that the process of condemnation and offer for sale of wagons is made foolproof, the following system has been developed on Indian Railway Wagon Management System (IRWMS) for deletion of wagons from the master:

(a) In workshops and open line depots whenever a wagon is intercepted for processing its condemnation a "certificate of interception for condemnation" is to be taken out from IRWMS. This certificate shall be taken out for each wagon separately, which is intercepted for condemnation. This certificate shall invariably be attached to the proposal for the condemnation when it is put up for consideration by Finance (wherever required) and competent authority.

(b) Once the approval of condemnation for any of a particular wagon has been granted by competent authority, the concerned workshops/Divisional officers shall upload the approval document on IRWMS and create a "certificate of approval of condemnation" for the wagon. This certificate shall invariably be attached to the "advice for offer for sale" to Stores department. Stores department dealing with disposal of condemned wagons shall not entertain any wagon offered for sale unless the certificate is enclosed with the advice separately for each individual wagon.

The above system shall be enforced with effect from 09.04.2018 and any processing of condemnation proposal or offering of condemned wagons for sale after the above data shall be dealt only after following the above procedure. Sample of the two certificates formats is enclosed as annexure to this letter. The URL & portal is 10.50.19.90/BGWGN/WGNDEL

This issues with the concurrence of Stores & Finance directorates of Ministry of Railways.
