Government of India (Bharat Sarkar)
Ministry of Railways (Rail Mantralaya)
(Railway Board)

No.2006/C&IS/PRS/Software Modification/10 New Delhi, dated 16.05.2008

The General Managers,
All Indian Railways.

Sub: Changing of configuration of PRS/UTS/Other IT applications.
Ref: Board's letter No.2004/C&IS/UTS Progress/NFR dt. 10-4-08.

*****

In the recent past instances have come to notice where primary servers of UTS, PRS and other centralized IT applications were not functioning properly affecting working at most of the locations locations. Due to this the locations were badly affected in respect of generating various daily as well as periodical accountal reports including cash transaction report. The matter was examined by CRIS and it was found that the railway authorities had changed the configuration of routers without the knowledge of CRIS. It is requested to instruct concerned officials to inform and consult CRIS whenever any changes are contemplated in the router configurations. They may also discourage introduction of unauthorized hardware and software into the system.

(Chhatrasal Singh)
Director (C&IS)
