No.2006/C&IS/WP2007-08/Web Portal/12 dated 30.05.2007

Sub: Website launching by Divisions.

*****

With reference to the above cited letter, it was advised that any organization headed by General Manager or equivalent have individual website. Individual website at Division level or department level is not allowed. Website created at Division level is hosted on private owned server and thus compromising the security issues.

As per the latest directive of Ministry of Home Affairs (MOH), all Government owned websites should be hosted on Government owned server. In the recent past two websites of Indian Railways was defaced by hacker group. MOH has taken a serious view on the defacement of Indian Railways website.

The proposal for portal of Indian Railways has been approved in the Budget i.e. 2007-08 and work has already been started by CRIS.

Based on the above, Board is not approving any investment in terms of hardware/software for creation/hosting the website.
