contd. from pre-page

7. In view of the position explained in paras (2) to (4) at pre-page and specially since in the CTI Register i.e. the first Railway document in which Shri Ali's date of birth was recorded on his initial engagement as a Casual Labour shows his date of birth as 24.3.48, the date of birth recorded in his service register as 24.3.38 appears to be a clerical error. The claim of the employee for alteration in the recorded date of birth from 24.3.38 to 24.3.48 appears to be genuine.

8. In the circumstances, Board may kindly approve of alteration in the recorded date of birth of Shri Md. Ali P.man 'B', Madras Division, S. Rly. from 24.3.38 to 24.3.48. S. Rly, have stated in their letter that if Board's approval to the alteration in the date of birth is not conveyed to them before 31.3.96 Shri Ali will be allowed to retire from service on that date and he will be taken back in service on receipt of Board's approval.

9. Submitted for consideration.

Under consideration is a reference from Southern Railway seeking Board's approval to the alteration in the recorded date of birth of Shri B. Mohamed Ali, P.man 'B', Valuthur, S.Rly., Madras Division.

2. In the Service Register the date of birth of Shri Md. Ali has been recorded as 24.3.1938. Before coming to the Traffic Department, Shri Ali was initially engaged in Engineering Department as a Casual Labour. In the LTI Register maintained in the PWI/Katpadi, the date of birth of Shri Ali at the time of initial engagement on 25.4.73 has been recorded as 24.3.48. This was attested by PWI/KPD at that time. This was also subsequently verified by the Finger Print Examiner in 1977 and certified to be correct and an entry to that effect is available in the LTI register.

3. On a representation from the employee, when the date of his retirement as 31.3.96 was notified to him, the matter was investigated by the Railway. According to the School Certificate, i.e. the Record Sheet produced by the employee the date of birth of Shri Ali is indicated as 24.3.1948. Attempt was made to verify the genuineness of the Record Sheet but in the absence of the records pertaining to the period from 1954 to 1965 in the school, the same could not be done. However, the Headmaster of school who had signed the Record Sheet has certified the genuineness of the certificate and his signature. The present Headmaster of the school has also certified the signature of the then Headmaster.

4. The Railway have further stated that all along the employee has been showing his date of birth as 24.3.1948 in PF applications, loan applications and applications to employees Co-operative Credit Society etc.

5. The brother of Shri Md. Ali who is working as CTI in Madras Division has also given an affidavit that Shri Ali is younger brother and his date of birth is 24.3.1948. In a Medical Fitness Certificate issued by the Asstt. Medical Officer, Southern Railway Sub-Division Hospital, Arakkonam on 12/15.6.74 also, Mohd. Ali's age was entered as 26 years which also corroborates the date of birth as shown in the LTI register.

6. As per the provision contained in para 225(4)(iii) R-I no request for alteration in the recorded date of birth of an employee is to be entertained after completion of the probation period or 3 years' service whichever is earlier.
