Dear Sirs,

Sub : Rate Contract No.2016/RS(PF&EC)-142/Coaches/4 dated 18.08.2016 read with amendment No. I for supply and retro-fitment of IR-DRDO Bio-digester tanks in existing in-service coaches.

1. In terms of Clause 2 of the subject contract, please find enclosed consignee details for retro-fitment of IR-DRDO Bio-digester tanks on 103 coaches (quantity increased vide Board's amendment No. I dated 25.04.2017) as per Zone-wise preference given by you in your offer.

2. It is advised to use rubber connectors of suitable sizes as there is no price difference in rate contract for P-trap arrangement for pan outlet Ø150 or Ø100, no bifurcation on pan outlet sizes is suggested for P-trap arrangement. However, for S-trap arrangement, bifurcation on pan outlet sizes is suggested as the prices for S-trap arrangement for pan outlet Ø150 or Ø100 are different.

3. It may please be noted that while the due care has been taken for bifurcation of quantity of S-trap for pan outlet Ø150 or Ø100, there may be a little variation in quantities in S-trap for pan outlet Ø150 or Ø100 and thus, it is advised to take care of such variation and raise bills as per the size of S-trap arrangement actually fitted.

4. It s also advised to get in touch with the Chief Mechanical Engineer of the concerned Zonal Railways regarding requirement of item No.2 & 4 of the Schedule of Requirement of the subject contract for Open Line Consignees before commencing supplies to them.

Thanking you,

Yours faithfully,
