Sub: Final Seniority List of Section Officers of RBSS

In compliance of Hon'ble Central Administrative Tribunal, New Delhi's judgement dated 31.05.2016 in OA No. 591/2009 (in the matter of Shri N.K. Sharma & others Vs UOI) and OA No. 2981/2009 (in the matter of Shri Manoj Kumar & others Vs UOI) a provisional seniority list was issued on 03.05.2017 and representations from all the stakeholders were invited against it.

2. After examining all the representations of Departmental Promotees and Direct Recruits Section Officers of RBSS, the competent authority has decided to issue the final seniority list of Section Officer's Grade of RBSS from the year 1970. The remarks on the representations received from various stakeholders, the final methodology adopted to frame the seniority list, Quota sheet and the final seniority list are enclosed as Annexure-I, II, III and IV respectively.

Representation from Direct Recruits Section Officers

(1) **Seniority list is not based on date of confirmation of DPs Section Officers :**

It is a fact that while Direct Recruitment is done against Permanent vacancy (substantive vacancy), the Select List is made taking into account both Permanent and Temporary vacancies.

To understand the concept, **para 6.2.3.(A) of Review Application (RA)** filed by this office may be referred :

".... The DPs Section Officers who used to get their promotion to SO's grade either from LDCE or Seniority quota were not considered as permanent on their promotion to SO's grade and were treated as working on officiating basis only. It is only when a permanent post of Section Officer became available in their cadre that such Section Officer was confirmed as SO against that permanent post and treated as substantively appointed against that post. Owing to this, the Select List of SOs was used to be prepared by utilizing both temporary as well as permanent vacancies and SOs figuring in the said List were later confirmed one by one and when the substantive vacancies of SOs became available in the cadre,....."

Para 6.2.3.(B) of RA: ***Confirmation upto 1989.***

" As all the DP SOs included in the Select Lists were considered as working on officiating basis only, the said Select Lists were not used to determine the inter-se seniority between DRs and DPs, the list of only those SOs from the Select List, who had later been confirmed against a permanent post, was utilized to determine the inter-se seniority between DRs and DPs. In RBSS, the confirmation of DPs Section Officers against a permanent post continued till 1987. The last person confirmed in such way was Shri M N Khanna (of Select List year 1983) who got confirmed in the year 1987....."

The position stated and admitted by this office in RA before the CAT is in accordance with the rules/instructions.

Thus, Seniority cannot be given to anyone before he/she is substantively appointed within the due quota. In the provisional list, there are many cases of DPs who have been proposed to be assigned seniority from a date earlier than their date of substantive appointment. This would tantamount to antedating seniority which is in violation of the CAT's orders.

Eg. Shri M N Khanna, from select list year 1983, who was confirmed in the year 1987 has been proposed seniority from the year 1985. The CAT in its order at para 182 (ii) has stated that "Each and every person can claim seniority from the date of his substantive appointment in that cadre, irrespective of ...." .

Thus, date of substantive appointment *(which may either be equivalent to date of confirmation till the year 1989 if the same has been done with reference to quota or which may fall at a later date (but not in any case prior to date of confirmation), if not done with reference to quota)* ***in each case of DP is very relevant and no one should be assigned a seniority from a date prior to that date.***

---

(2) Excess interpolation of DPs: The DRs have challenged the mathematical formula used for calculation of DP Quota

Regarding the methodology adopted for calculation by adding 0.9, multiplying by 5, going to the next whole number, subtracting 1, **the contention of the DRs** that the quota should not in any case go beyond 5 (or 4, as the case may be) times the DR vacancy indented **is in accordance with the RBSS Rules.**

DoPT in its own OM dated 03.12.1997 regarding Seniority list of Section officers has taken the DR vacancies as base from the year 1962 and the calculation of vacancies is strictly in requisite multiple of current DR vacancies. Thus the methodology adopted by this office (i.e. calculation by adding 0.9 etc) is in contravention not only of the approach of the Nodal

Ministry/Department (DoPT) but also of the RBSS Rules. ***It would be thus more appropriate to strictly stick to the ratio prescribed in the RBSS Rules.*** Remarks against point (4) may also be seen.

---

(3) Illegal operation of extended panel of DPs: The DRs have questioned the inclusion of additional DPs against the names of those DPs who retired within the same vacancy year or left the cadre due to absorption/death/resignation.

The contention of the DRs appears to be correct. The vacancy belonging to a particular quota (for recruitment purposes) has to be treated as consumed the day any person from that quota joins the post. If he/she subsequently leaves the service on any account, it need not necessary be filled up the person from the same stream of quota. It has also been dealt by the CAT in its judgment at para 152:

"It is immaterial for the purpose of rota quota system if a person dies, or leaves the service in between. The vacancy concerning his relevant quota gets consumed the day when he joins as such. Therefore, merely because such an officer has thereafter left the service, or has expired, the vacancy of that relevant quota does not get revived with the birthmark of the quota in which that person was originally appointed, as that vacancy had already been consumed earlier. Therefore, such resignations and deaths etc. will not affect the fixation of the seniority under the rota quota system at all."

Thus a vacancy released by a DP (or DR) who retires, resigns or leaves service on any account during the same vacancy year should be filled in accordance with the vacancy roster i.e. it should belong to a common kitty and those vacancies should be distributed in the prescribed ration for the vacancies of the next year.

---

(4) Wrong method of carry forward of DR vacancy:

It has been decided that in cases where the breakup of indent (current and carry forward) is not available, it should be reconstructed on the basis of number of persons who have joined. For example, if there was an indent of 3 in the year 1970 and only 2 persons joined, and record shows indent for only 1 person in 1971, the indent of 1 person in 1971 would be taken as that of a backlog vacancy. It would mean than there was no DR indent for the current year (1971).

The DRs contention is also similar and appears to be appropriate.

The interpretation brought out by the DRs in their representation especially regarding the year 1970 is in accordance with the Rules.

In terms of the court's orders, seniority has to be assigned with respect to the date of substantive appointment with in quota.

In accordance with the RBSS rules, any substantive appointment has to be made in terms of quota prescribed in the RBSS Rules (Rule 9-(1)). Accordingly the number of substantively appointed DPs has to be in multiple of 5. Therefore out of 8 persons, only 5 persons can be taken as substantively appointed and consequently eligible for seniority. Remaining 3 persons have to be taken as temporary appointees.

The reasoning given by the DRs to treat the DR indent for the year as 1 for the current year and 2 as backlog vacancies is sound and in accordance with the rules.

Similar reasoning should be applied while calculation of Quota for other years.

---

(5) Demand for 0 slots to DPs where DR quota is 0.

With this, the DRs are basically contending that calculation of DP quota should be in exact multiples of the Current DR vacancies.

The remarks given in points (2) & (4) above may also be seen.

---

(6) Interpolation of DPs beyond their lawful quota in the Select List year 2003:

In this regard, it is submitted that for the year 2003, the total vacancies in SOs Grade were revised three times and the final vacancy figure was changed twice from 12 to 20 and then from 20 to 24 finally. This change involved not only the change in numbers, but also in the reserved slot for SC/ST candidates. These changes in vacancy figures were because of non- account of anticipated vacancies which arose in the cadre later on. Further, owing to too much delay in the declaration of the LDCE exam (written part announced in April 2005) , the final position of the vacancy year 2003 (from 01.07.2003 to 30.06.2004) became clear and a total of 24 vacancies were found to arise in the cadre. However, the DR indent of 2 vacancies for the year 2003 on the basis of the initial figure of 12 (1/5th of the 12 vacancies were i.e. 2 was sent) could not be changed on the basis of the new figure of total vacancies. Later on, the recruitment of DR SOs was stopped from the year 2004. As such, when no person was recommended by UPSC for the CSC-2003, the two unfilled indented vacancies of DRs were utilized for filling from the LDCE & Seniority Mode by dividing the total figure of 24 vacancies in the ratio of 50:50 i.e. 12 for LDCE & 12 for Seniority mode. Ideally, the two unfilled vacancies of DR SOs from CSE-2003 should have been carried forward and filled up from the DPs quota of 2004. However, owing to the over sighting of concerned officials in ERB-1 at that time, these vacancies were filled up from the DP stream of 2003 itself.

This issue of increase in vacancies for the year 2003 has been a very complicated issue involving multiple court cases and chargesheet under RBSS D&A Rules, 1968 to the concerned officials. Apart from the increase in posts, there was an issue of change in the reserved slots wherein in the initial LDCE indent comprising 8 vacancies [6 UR, 1 SC & 1 ST] was changed to 12 vacancies [11 UR, 1 SC & 0 ST] resulting thereby that the 1 ST officer viz. Ms Alice R Trikey, who was recommended by UPSC against the ST slot (as per the original indent of 8 vacancies) in LDCE-2003 was left with no slot in the new revised figure of 12 vacancies having no ST slot. UPSC, while accepting the revised indent position of 12 vacancies for LDCE-2003, did not remove the name of Ms Alice Tirkey from the list of successful candidate and left the decision on M/o Railways. Later on it was decided with the approval of the then Board(MS) that the final figure of total 24 vacancies to be distributed between LDCE and Seniority stream should be treated as final and Ms Alice Tirkey may be allowed to retain her position in the LDCE-2003 by adjusting her against an available unfilled UR slot to be adjusted in future against a ST slot.

(7) The Seniority List defied DoPT's instructions:

The DRs have quoted various deviations, aberrations in the implementation of the judgement which are not in accordance with the RBSS rules and DoPT instructions. These have already been more or less dealt with in various para of this annexure. .

Representation from Departmental Promotes Section Officers

(1) Wrong date of implementation of DoP&T's Orders

The DoPT's notification dated 29.12.1984, in a proviso states that the number of vacancies to be filled by the substantive appointment of persons included in the Select List for the Section officers grade in a recruitment year in a cadre, shall be proportionate to the vacancies reported by that cadre to the Deptt of Personnel and Administrative Reforms to be filled by Direct Recruitment for that year.

The Contention of the DP is that the above proviso should be applicable from the date of issue of this OM i.e. 29.12.1984. In support of that, they have stated that in a clarification issued to Rlys, the DoPT have stated that the relevant rules have been

made effective from 01.07.1984. Accordingly the concept of proportion should come effect from 01.07.1984 and not from 1970 as done in the provisional seniority list issued on 03.05.2017.

The contention is **not correct** because of the following reasons :

1. The ratio of DR:DP (1:5 or 1:4) is in accordance with the RBSS Rules, 1969.

2. The clarification of DoPT to Railways is on a different subject as ascertained from the file.

3. The main intention of the representation seems to be that the Direct Indent should not be taken as base to work out the quota and even if it has to be made, it should be from the 29.12.1984. It is clarified that it has been indicated in para 2.4.4 of the DoPT notification date 07.02.1986 that with a view to curbing any tendency of under reporting/suppressing the vacancies to be notified to the concerned authorities for direct recruitment, it is clarified that promotees will be treated as regular only to the extent to which direct recruitment vacancies are reported to the recruiting authorities on the basis of the quotas prescribed in the relevant recruitment rules. Excess promotees, if any, based on the corresponding figure, notified for Direct Recruitment would be treated only as ad-hoc promotees.

4. DoPT in its own OM dated 03.12.1997 regarding Seniority list of Section officers has taken the DR vacancies as base from the year 1962.

5. It is further clarified that the main issue clarified by the OM dated 29.12.1984 was restricting the carrying forward of vacancies up to two years.

In view of the above, making direct indent as base for calculation of DP quota is in order.

---

(2) Forced imposition of Rota Quota.

The operative portion of the Judgement in **para 182** (iv) states that *"no weightage whatsoever can be, or shall be given to anybody in respect of any In-charge, or adhoc, or officiating basis appointment as Section Officers, even if he had been included in the Select List of SOs by the DPC already, before his assuming charge as such, or had qualified for accelerated promotion being granted to him through the LDCE route, before his assuming charge as such, until such a person comes to substantively occupy the post of SO in the **regular DP quota**, or the DR quota transferred to the DP mode after having remained unfilled for two years."*

The Contention under consideration has been declined even in the Review application.

It has also been clearly stated in the operative portion of the Judgement in **para 182 (ii)** *that the each and every person can claim seniority in the cadre of Section Officers only from the date of his substantive appointment in that cadre,...".*

---

(3) Mechanical downward displacement of DPs of LDCE and Seniority stream without following the due procedure.

(1) The operative portion of the Judgement in **para 182 (v)** states that "the seniority in the cadre of Section officers at level-3 of RBSS so determined, in the manner as indicated above, shall alone be taken into consideration for further promotion to level-2 and level-1 of RBSS thereafter".

It has been further stated in Para 182 (vi) that "the Railways, shall after finalisation of the SO's level Seniority list, convene DPCs or Review DPCs, for considering year wise further promotion of all the incumbent SOs in the that seniority as Under Secretaries and Deputy Secretaries etc. and so on".

Furthermore, in subsequent **para 183,** it has been stated that ..... no recoveries in respect of the excess salary and emoluments, paid already to him in such promotional posts, due to erroneous promotions having been granted earlier to any individual incumbent, before they became due to such individual, no recoveries of any amounts already disbursed due to the fault of the official respondents shall be effected.

Thus, it is very clear that it was already in the minds of court that the implementation of judgement would result in downward revision of seniority in many cases.

(2) **In Para 176**, the CAT has categorically held that

> "all DPs included in the Select List of SOs during the particular year in excess of the DP quota for that year would certainly be ad-hoc or temporary appointees, but ***they can be regularised in the order of their seniority in the select list*** against the unfilled vacancies out of the quota of DRs when it gets transferred to the DP quota, after such vacancies having been carried forward for upto two years. The distinction or requirement of issuing a separate order of confirmation would not then be applicable in such cases, since the incumbents would already be in fortuitous occupation of posts in the same Cadre and Grade"

It thus can be rightfully inferred that the Judgment has not questioned the making of Select List (on the basis of Seniority or LDCE) but only addressed the issue of regularisation of those DPs in that list in accordance with their quota.

Accordingly, no consultation with UPSC is warranted.

(3) **Provisions of RBSS Rules** regarding Select List may also be seen in this regard :

Para 1 of the Schedule states that the Officers borne on the regularly constituted panels of the respective grades immediately before the appointed day shall form the **Select List** for the concerned grade, on such date.

Para 2 of the Schedule talks of *Additions* to the Select List....

Thus, while in practice, the Select List is maintained in year-wise manner, the provisions in the RBSS Rules actually envisage a continuous List.

Para 5 (1) of the Schedule states that subject to certain exceptions, an officer included in the Select List for a Grade shall continue to be included in the Select List till he is substantively appointed to that grade.

Para 5 (2) of the Schedule states that Officers included in the Select List for a Grade who cannot be appointed to that grade or who are reverted there from for want of vacancies will continue to be included in the Select List and retain the seniority assigned to them in the Select List.

It is also mentioned in the Schedule that the removal of the name of a person who is not yet promoted on trial to the respective Grade, who on an annual review of the Select List are found, because of deterioration in their record or conduct since inclusion in the List, to have fallen below the required standard, shall be made in consultation with the Commission, if such appointment has been made with the approval of the Commission.

In view of the conjoint reading of the above provisions of the RBSS Rules, it is amply clear that the person continues to be in the Select List till he is substantively appointed to that grade and consultation with UPSC in case of LDCE would be required only in case where a person is being removed from the list as per the provision indicated above.

The mention of the Year in the Select List is important in view of the definition of the "approved service" given in the para 2 (c)(ii) of the RBSS Rules :

"approved service" in relation to any grade means:

(i) In respect of an officer recruited directly to that grade, the period or periods of regular service rendered in that grade; including the period or periods of absence during which he would have held a post on

regular basis in that grade'but for his being on leave or otherwise not being available to hold such post, from the first day of July of the year, following the year in which the examination for direct recruitment was held;

(ii) In respect of an officer recruited to that grade through Departmental Examination, the period or periods of regular service rendered in that grade; including the period or periods of absence during which he would have held a post on **regular basis** in that grade' but for his being on leave or otherwise not being available to hold such post, from the first day of July of the year for vacancies of which such examination was held;

(iii) In respect of an officer recruited to that grade on the basis of length of service in the lower grade, the period or periods of **regular service** rendered in that grade; including the period or periods of absence during which he would have held a post on regular basis in that grade' but for his being on leave or otherwise not being available to hold such post, from the first day of July of the year for which recruitment was made;

However regarding "approved service", in **Para 167** of the judgement it has been clearly held by the CAT that only the service rendered on the basis of substantive appointment can ever be called "approved service" or "regular service" and any previous service against the post, by whatever name it may be called adhoc, or temporary, or in-charge etc, would entitle the incumbents to the associated salary and allowances, but would still remain fortuitous, and as all such previous service in that Cadre/Grade outside or over and above the quota would always be fortuitous, as was held by the Hon'ble Supreme Court in the Para 37 of Uttaranchal Forest Rangers' Assn (Direct Recruits) & Ors(supra), nobody can claim any such fortuitous service as "approved Service" or "regular service", for the purpose of antedating their seniority.

---

(4) Ignorance about the already available safeguard to DPs: Invocation of rule regarding Power to relax (Supreme Court judgment in case of GS Lamba)

The Power to relax provision does not appear to be applicable in the instant case. In any case, such plea should have been taken by the parties to the OM during the hearing or in appeal if they have preferred so.

---

(5) Displacement of SC/ST (from both stream of LDCE & Seniority) without taking into account the lawful share of reserved candidates.

The exercise is not changing the interse seniority of the DPs (comprising both streams of LDCE and Seniority) amongst themselves. It is only affecting the interse seniority position between DPs and DRs. Thereafter, in accordance with what has been **stated in Para 182 (vi)**, i.e. "the Railways, shall after finalisation of the SO's level Seniority list, convene DPCs or Review DPCs, for considering year wise further promotion of all the incumbent SOs in the that seniority as Under Secretaries and Deputy Secretaries etc. and so on", further action could be taken.

---

(6) Following three contentions :-

*** Ignorance of increase in cadre strength which has resulted into shrinking of the cadre:**

*** Unnecessary extension of the exercise beyond those years where no DRs where available:**

*** Adoption of wrong methodology and request for preparing the Select List on the basis of actual strength of substantive post in every year from 1970:**

It is clarified that it has been indicated in **para 2.4.4 of the DoPT notification date 07.02.1986** that with a view to curbing any tendency of under reporting/suppressing the vacancies to be notified to the concerned authorities for direct recruitment, it is clarified that promotees will be treated as regular only to the extent to which direct recruitment vacancies are reported to the recruiting authorities on the basis of the quotas prescribed in the relevant recruitment rules. Excess promotees, if any, based on the corresponding figure, notified for Direct Recruitment would be treated only as ad-hoc promotees.

In view of the above, making DR indent as the base for calculating the DP quota is in order.

However, the point that increase in cadre strength on account of cadre restructuring should be taken into account at least after the last DR has been inducted has some merit. Accordingly, such rightful increases could be taken into account after the last DR has been correctly interpolated in the seniority list.

---

(7) Assignment of seniority to DRs from recruitment year instead of 1st July of the Year following the exam year:

It is submitted that in the present exercise, after determining the year wise lawful quota for DRs and DPs, the vacancies of a particular year were divided between DR and DP as per their quota and all the DRs recruited against the vacancies for that particular year were interpolated within their quota of the said seniority year. This is as per the judgement dated 27.11.2002 of Hon'ble Supreme Court in Civil Appeal No.7514-7515/2005 in the case of N.R. Parmar Vs. UOI and others wherein the recruitment year has been made the year of appointment of the DR for the purpose of their seniority. It is, however, relevant to mention that the approved service of DRs who have been appointed in a particular recruitment year, will be counted from the 1st July of the year following their exam year as per the provision contained in the RRs for RBSS. There seems to be some confusion among DPs on this factual position which will be clarified to them accordingly

---

(8) Wrong interpolation of DRs in the seniority list:

DRs shown against the carry forward vacancies should be placed en bloc below the last DR or DP, as the case may be.

In calculation of carry forwarding of vacancies, the first person inducted in a year is taken as having consumed the backlog vacancy and if there are any vacancy still pending, it is taken as that of that year only and not of an earlier year.

However, while interpolating or putting the DRs in the roster, the first person as per merit will be plotted against the point for that year and if there are more number of persons joining the service compared to the number of vacancies for that year, the persons lower in the merit would be placed en bloc, if need be as provided in the RBSS Rules.

---

(9) Objection on the formula used to calculate the maximum lawful quota for DPs :

The remarks of the Section that the DR indents sent to UPSC has been made the basis for calculating the lawful quota for DP in accordance with the notification dated 29.12.1984 of DoPT, is perhaps not entirely correct.

The quota of DRs and DPs has been prescribed in the RBSS Rules themselves. It was only clarified vide **para 2.4.4 of the DoPT notification date 07.02.1986**

"that with a view to curbing any tendency of under reporting/suppressing the vacancies to be notified to the concerned authorities for direct recruitment, the promotees will be treated as regular only to the extent to which direct recruitment vacancies are reported to the recruiting authorities on the basis of the quotas prescribed in the relevant recruitment rules. Excess promotees, if any, based on the corresponding figure, notified for Direct Recruitment would be treated only as ad-hoc promotees.."

In view of the above, making DR indent as the base for calculating the DP quota is in order.

Regarding the methodology adopted for calculation by adding 0.9, multiplying by 5, going to the next whole number, subtracting 1, **the contention of the DRs** that the quota should not in any case go beyond 5 (or **4**, as the case may be) times the DR vacancy indented **is in accordance with the RBSS Rules**.

DoPT in its own OM dated 03.12.1997 regarding Seniority list of Section officers has taken the DR vacancies as base from the year 1962 and the calculation of vacancies is strictly in requisite multiple of current DR vacancies. Thus the methodology adopted by this office (i.e. calculation by adding 0.9 etc) is in contravention not only of the approach of the Nodal Ministry/Department (DoPT) but also of the RBSS Rules. It would be thus more appropriate to strictly stick to the ratio prescribed in the RBSS Rules.

---

(10) Date of approved service of officers not mentioned in the provisional list:

To say that the approved service is to be counted from the first day of July of the year for vacancies of which such examination was held, in case of LDCE and from the first day of July of the year for which recruitment was made, in case of seniority stream candidates is slightly simplistic. The emphasis is on the periods for which the post was held on **REGULAR BASIS**.

The definition of the "approved service" given in the para 2 (c)(ii) of the RBSS Rules may be seen in this regard:

> "approved service" in relation to any grade means:
>
> (i) In respect of an officer recruited directly to that grade, the period or periods of regular service rendered in that grade; including the period or periods of absence during which he would have held a post on **regular basis** in that grade but for his being on leave or otherwise not being available to hold such post, from the first day of July of the year, following the year in which the examination for direct recruitment was held;
>
> (ii) In respect of an officer recruited to that grade through Departmental Examination, the period or periods of regular service rendered in that grade; including the period or periods of absence during which he would have held a post on **regular basis** in that grade' but for his being on leave or otherwise not being available to hold such post, from the first day of July of the year for vacancies of which such examination was held;
>
> (iii) In respect of an officer recruited to that grade on the basis of length of service in the lower grade, the period or periods of **regular service** rendered in that grade; including the period or periods of absence during which he would have held a post on regular basis in that grade' but for his being on leave or otherwise not being available to hold such post, from the first day of July of the year for which recruitment was made;

However regarding "approved service", in **Para 167** of the judgement it has been clearly held by the CAT that only the service rendered on the basis of substantive appointment can ever be called "approved service" or "regular service" and any previous service against the post, by whatever name it may be called adhoc, or temporary, or in-charge etc, would entitle the incumbents to the associated salary and allowances, but would still remain fortuitous, and as all such previous service in that Cadre/Grade outside or over and above the quota would always be fortuitous, as was held by the Hon'ble Supreme

Court in the Para 37 of Uttaranchal Forest Rangers' Assn (Direct Recruits) & Ors(supra), nobody can claim any such fortuitous service as "approved Service" or "regular service", for the purpose of antedating their seniority.

Thus, what is required is to ascertain the year (corresponding to the year of Recruitment of DR) in which the LDCE/Seniority stream candidates could be substantively appointed within their quota. For eg. if a Direct Recruit of the exam year 1990 (i.e. vacancy year 1990-91) gets his approved service from the first July 1991, all LDCE/Seniority stream candidates who fall within their respective quota for the vacancy year 1990-91 would get their approved service from first July 1990.

Annexure-II

Final methodology adopted to frame the seniority list

(1) For recasting the seniority list, the lawful quota of DRs and DPs from 1970 onwards has been determined by taking actual DR vacancy indent (i.e. *without taking into account any carry forward vacancies of past year*) of the recruitment year sent to UPSC as base.

(2) The year 1970 has been taken as the base year and the indent of 3 DR vacancies sent to UPSC in this year has been treated as current vacancies indent having no carry forward component.

(3) The quota for DPs has been calculated in the multiple of 5 times of DRs Quota (upto 1987) and 4 times of DR Quota (from 1988).

(4) The DRs have been allotted seniority only from their recruitment year. The unfilled DRs vacancies in a year have been carried forward only up to the next two years. If these vacancies still remained unfilled, they have been diverted to DP quota for the next year in accordance with the provision of RBSS Rules 1969. DPs' adjustment in their Quota has been further restricted to the number of confirmation up to that year up to vacancy year 1986 (the year up to which the DPs were confirmed against a substantive post) in order to ensure that no DP gets ante-dated seniority prior to his confirmation. Further, in order to ensure that lawful DP quota does not get abolished as a result of such restriction, the unfilled DPs vacancies of a year have been carried forward in the DP stream itself beyond two years for adjustment of DPs.

(5) The unfilled vacancies in DPs quota have been carry forwarded up to 2 years after which the still unfilled vacancies have not been diverted to DRs stream to ensure that DR quota remain intact.

(6) In those years wherein the breakup of DR indent is not available, the current year DR indent has been determined by adjusting the figure of backlog DR vacancies of previous year. The resultant value has been taken as the DR indent for current year and the same has been used to calculate the DP quota for that year. For example, in the year 1982, an indent of 5 vacancies was sent to UPSC. Therefore, for this year, the current vacancies DR indent for 1982 has been calculated by adjusting 2 backlog vacancies of 1980 & 1981. The DR indent for 1982 thus comes out to be 3 (5-2) and accordingly, the DP quota will be 15.

(7) A chart depicting the aforesaid methodology utilized for determining DR and DP quota from 1970 to 2003 is enclosed as Annexure-III.

(8) After determining the year wise quota of DRs and DPs in such a manner, the DRs and DPs have been interpolated within their lawful quota of every year in the ratio of 5 DPs :1 DR up to 1987 and then 4 DPs : 1 DR from 1988 onwards. This interpolation has been done in accordance with the illustration of assigning inter-se seniority between DRs and DPs as available in RBSS Rules 1969.

(9) Those DR who were selected against carried forward vacancies, they have been placed en bloc below the last person (DR or DP as the case may be) of the year in accordance with the provision of RBSS Rules 1969.

(10) The DPs of a particular Select List year who were found working in excess of their lawful quota of that year, have been treated as ad-hoc and have accordingly been pushed down and adjusted in their quota of DPs for the next/subsequent year/s.

(11) All the DPs who were pushed down in such a manner and who were found to have retired prior to getting a lawful quota within the DP's quota of a year, have not been included in the seniority list. However, their names have been mentioned in the seniority list at the appropriate place. The vacancy year which used to be counted from 1st April of the current to 31st March of next year up to 1977, was changed to 1st July of current year to 30th June of the next year from 1978. Therefore, for the year 1977, the vacancy year has been taken as 01.04.1977 to 30.06.1978

(12) After doing this exercise from the year 1970 till the year 2003 i.e. the year in which the last DR recruitment was done in RBSS, all the remaining DPs, who could not find a place in the lawful quota up to the year 2003, have been adjusted in the gazetted sanctioned strength of RBSS as on 01.07.2004. Since the sanctioned strength of RBSS on 01.07.2004 was 450, it was found that among all the SOs of RBSS belonging to the Select List Year 1970 to 2003, only 128 will remain working in the cadre up to 30.06.2004 and all others will retire. The displaced promotes who could not find a place up to the Select List year 2003 will be 266 in numbers out of which 82 will retire up to 30.06.2004 leaving only 184 persons in service. As such, there will be total of 128+ 184= 212 persons up to 30.06.2003 working in the cadre. These 212 persons and the 133 SOs who were appointed in the Select List of year 2004 totaling 445 persons have been adjusted in the total gazetted sanctioned strength (450) of RBSS as existing on 01.07.2004. As such, there will be no displacement beyond the year 2004 and the seniority list for the year 2005 onwards will not undergo any change.

Since the sanctioned strength of RBSS on 01.07.2004 was 450, it was found that among all the SOs of RBSS belonging to the Select List Year 1970 to 2003, only 128 will remain working in the cadre up to 30.06.2004 and all others will retire. The displaced promotes who could not find a place up to the Select List year 2003 will be 266 in numbers out of which 82 will retire up to 30.06.2004 leaving only 184 persons in service. As such, there will be total of 128+ 184= 212 persons upto 30.06.2003 working in the cadre. These 212 persons and the 133 SOs who were appointed in the Select List of year 2004 totaling 445 persons have been adjusted in the total gazetted sanctioned strength (450) of RBSS as existing on 01.07.2004.
