Sub: Allocation of the cost of staff quarters taken up by themselves or included in schemes.

Ref: Board's letter No.F(X)II-76/ALC/1, dt. 1/4/76.

- - - -

It was decided vide Board's letter referred to above that the cost of staff quarters for non-gazetted staff taken up by themselves or as part of scheme during the 5th Plan period will be charged to Capital. A doubt has arisen whether the above decision is applicable to quarters constructed after the 5th Plan period(1974-1978) also.

The RCC, 1977 in its Fifth Report has recommended that the existing arrangement under which the cost of construction of staff quarters is charged to Capital may continue. It is therefore clarified that cost of all staff quarters-gazetted and non-gazetted -taken up by themselves or as part of a scheme will continue to be charged to Capital even beyond the 5th Plan period.

In the case of works costing upto the new minor works limit, there is no change in the allocation rules and the cost will continue to be charged to OLWR.
