The General Managers,
All Indian Railways.

Sub: Passenger and other Railway Users' Amenities Works - Revision of allocation of - Raising, extending, Widening, surfacing, covering or other improvements on platforms at stations.

- - - -

In terms of Board's letter No.F(X)II-76/ALC/3, dated 1.6.78. Provision of Raising, Extending, Widening, Surfacing, Covering or other improvements on platforms at stations is at present treated as Safety Work and cost of thereof is accordingly charged to ACSPF(B). The question of allocation of cost of this work has been reviewed and it has been decided in consultation with the Comptroller and Auditor General of India that as provision of suitable platforms at station is already listed as a basic amenity, improvements to platforms, including raising, extending, surfacing etc. should also be brought under Passenger amenity and should be charged to ACSPF(C) under the Plan Head Passenger and Other Railway Users' Amenities instead of ACSPF(B).

This will take effect from 1.4.1990.

Please acknowledge the receipt.
