GOVERNMENT OF INDIA
MINISTRY OF RAILWAYS
(RAILWAY BOARD)

New Delhi, dated 8.02.2018

No.2010/H-1/11/37

The General Managers,
All Indian Railways & Production Units.

Sub:-Installation of Radiological Services (CT/MRI/PET/Mammography) etc. in Railway Hospitals on PPP mode.

Ref:- (i) Board's letter even no. dated 30.11.2017.
(ii) SER letter dated 13.12.17 & 27.12.17
(iii) WCR letter dated 15.12.17
(iv) NR letter dated 18.12.17

Clarification on various points was sought by some Zonal Railways in connection of above mentioned subject which were examined in consultation with L&A and PPP/Finance directorates of Railway Board. Following clarification are issued:

S.N.	Points on which clarification sought for/Proposed for by the Railways	Remarks/Clarification
1	Para 4 of bidding process i.e. Northern Railway requested for increasing lock in period from current 7 years to 10 years and further extension for 3 years (after initial lock in period of 7 years) to 2 years (after initial lock in period of 10 years).	Period may be increased to ten years only.
2	Para 4 of Terms & Conditions i.e. Northern Railway requested for percentage of gross revenue sharing instead of - Premium will be deciding factor for selecting technically suitable provider. SER – Land & Amenities Directorate of Railway Board may please issue guidelines and rates on which the space and building to be provided to the Private Partner for setting up the centre on PPP basis.	The Private Partner will pay for water & Electricity as per actual. Premium quoted by Private Partner will factor in the rental component. This premium will be the deciding factor for selecting technically suitable provider.
3	SER has asked for reduction of current specifications of CT Scan the minimum specifications will be 128 slices and for MRI – 3 Tesla with latest software to 16 slice for CT scan but desirable will be 128 slices.	Not agreed to.
4	WCR has asked - Covering letter mentions that is for Railway hospital but inside reference to Central hospital has been given.	It is for Railway hospital wherever it is found viable. Board has issued basic guidelines only, rest has to be done as per local requirements with approval of General Managers.
