Innovations in Public Administration

INTRODUCTION

The Capacity Building Commission (CBC) will be publishing an 'Annual Health of Civil Services Report' (AHCSR) which would capture the structural and functional features of civil services in India. A part of the report will be dedicated to capturing and celebrating the innovations done by civil servants of the country. The selected innovations will feature in the report and will be used as case studies for capacity building of present and future civil servants.

The report shall discuss the blueprint of these innovations, their impact, the people behind them, and the lessons learned along the way. CBC invites civil servants who have undertaken work of this nature to apply for the chance to contribute examples to this section.

ELIGIBILITY CRITERIA

For applicants

- All persons employed in the civil services of the Central, State or local government
- Civil servants at any level (Group A, B, or C)

For innovations

- Work that goes beyond the bounds of existing managerial systems, in terms of its scope and methods
- Initiatives that have been undertaken in the last 5 years
- Initiatives that are not recognized by any National award in last 2 years
